View wildlife, historic structures, and awesome views in Cataloochee Valley

Cataloochee Valley is nestled among some of the most rugged mountains in the southeastern United States. Here you will find elk grazing in the fields and historic buildings that have been preserved.

Surrounded by 6,000-foot peaks, this isolated valley was the largest and most prosperous settlement in what is now Great Smoky Mountains National Park. Once known for its farms and orchards, today's Cataloochee is one of the most picturesque areas of the park.

The mountain vistas as you travel from the highway to Cataloochee are breathtaking. The road is narrow and pullovers are few, so you will need to drive slowly and take in the views.

Directions: From Maggie Valley turn left onto Highway 276 N. just before the entrance ramp to I-40 (but past the gas station). Turn left and follow the signs 11 more miles to Cataloochee. Be sure to take your cameras!
